Ride like the Dutch

ROYAL DUTCH
Gazelle

► Royal Dutch Gazelle

Gazelle's history is very much the history of the bicycle as a popular means of transportation. The original Dutch style comfort bike won over the hearts of the Netherlands 125 years ago and the continued design and technology have people all over the world falling in love today. Today, Gazelle remains at the forefront of invention to make cycling more enjoyable and accessible. Gazelle is an integral part of Dutch cycling heritage and have kept in cadence with today's global innovation with their new line of electric bikes. Gazelle has positioned themselves as the benchmark for mobility – traditionally and contemporarily.

Today, tomorrow or in the future, Gazelle is ready to help every cyclist and offer a great cycling experience. Find the Gazelle e-bike that matches your personal needs in this pocket guide, or go to **www.gazellebikes.com**.

The most modern bike factory in the world

Gazelle has been producing bikes since 1892. So we have all the knowledge and innovation we need to make the very best bikes. We only employ experienced fitters to assemble our bikes at our Dutch Innovation and Production Centre: the most modern bike factory in the world; Your bike will only be sent off to the Gazelle store once it has undergone extensive quality checks. So you are guaranteed the highest quality. And you can enjoy your bike worry-free.

E-bike guide

Gazelle has a wide range of e-bikes. You have many possibilities to choose from. We have listed the various technical capabilities of our e-bikes to help you work your way through them.

Battery position

The position of the battery affects the bicycle's handling. Check out what you prefer by road-testing the bicycles yourself.

In the frame

- + Nicely integrated into the frame
- + Good handling thanks to optimum weight distribution

On the frame

- + Good weight distribution

Under the luggage carrier

- + Easily removable
- + Maximum space for wide and low step-through

Motor types

Gazelle offers you the choice of a mid-mounted or front-wheel motor from various top brands.

A mid-mounted motor

- ▶ The most powerful/strong motors
- ▶ Achieve optimum weight distribution
- ▶ Provide a natural assistance thanks to the pedal force sensor

Orange

A woman with blonde curly hair, wearing a light-colored plaid shirt and blue jeans, is leaning against a blue bicycle. The bicycle has a basket full of colorful flowers on the back. She is standing on a brick-paved sidewalk in front of a flower shop. The shop has a black awning and is filled with various potted plants and flowers, including red and white flowers, purple flowers, and green leafy plants. The scene is brightly lit, suggesting a sunny day.

This all-rounder for comfortable cycling has been our pride and joy for decades. The perfect bicycle for your daily trips as well as a nice ride through the countryside. Convenience is all: the battery is attached to the carrier which makes it easy to remove. Convince yourself with the comfort and safety of the wide low stepthrough.

Paris

A woman in a light blue jacket and jeans stands next to a blue bicycle with a rear rack, smiling. The bicycle is parked on a cobblestone street in front of a shop with large glass windows displaying various goods. The scene is set in Paris, with yellow flower petals scattered on the ground.

Gazelle's designers have taken the e-bike back to basics: a rigid frame with a smooth motor at an attractive price. The Paris is a particularly comfortable bicycle thanks to the Bosch Active Line mid-mounted motor a low step-through. In short: all you need for lasting cycling pleasure with Gazelle quality.

Miss Grace

Styled down to smallest detail

Doesn't it look fantastic? Feminine yet sturdy, it lives up to its name: Miss Grace. Styled down to the smallest detail, this utility bicycle with wide tyres is nice and light to handle. You can carry everything you need on the practical front luggage rack. And thanks to its twin-leg kick stand and the handlebar lock your bicycle will stay upright, however much you're carrying. This bicycle will keep steady and upright even with a full crate or a heavy bag on the handlebar.

Takes you anywhere

The Ami is like a good friend: always ready to help and takes you anywhere. You will feel secure and safe on the road on this all-rounder. Time to set off (again) on another adventure together! If for whatever reason you feel uneasy in traffic, this need not be so any more with the Ami. Because you can always rest both feet on the ground, you feel secure on the bicycle and able to ride off in any situation.
