# Paris

A woman in a grey jacket and blue jeans stands next to a light blue bicycle in front of a shop with large glass windows. The shop is filled with various items, including potted plants and decorative objects. The ground is covered with yellow leaves, suggesting autumn. The overall atmosphere is warm and inviting, typical of a Parisian street scene.

Gazelle's designers have taken the e-bike back to basics: a rigid frame with a smooth motor at an attractive price. The Paris is a particularly comfortable bicycle thanks to the Bosch Active Line mid-mounted motor a low step-through. In short: all you need for lasting cycling pleasure with Gazelle quality.

# Miss Grace

## Styled down to smallest detail

Doesn't it look fantastic? Feminine yet sturdy, it lives up to its name: Miss Grace. Styled down to the smallest detail, this utility bicycle with wide tyres is nice and light to handle. You can carry everything you need on the practical front luggage rack. And thanks to its twin-leg kick stand and the handlebar lock your bicycle will stay upright, however much you're carrying. This bicycle will keep steady and upright even with a full crate or a heavy bag on the handlebar.

## Easyflow

### Confident on your way

Fully relaxed cycling starts with mounting the bicycle with ease. The wide, low step-through makes this possible. When you sit on the saddle you are still able to put your feet on the ground. And then set off cycling with a comfortable - upright - sitting position. The powerful motor springs into action as soon as you cycle away. Just touch the brakes slightly to come to a quick and safe stop: with both feet on the ground.

## EASYFLOW HMS

- The special geometry ensures you can always touch the ground with both feet
- Wide tyres, ergonomic handlebar grips and the soft saddle take care of any unevenness for you
- With the mirror and anti-slip pedals, you can move safely through the traffic
- The wide disc brakes ensure that you always come to a safe and easy standstill
